FREA State Director Catherine McCartney

Receives National Award For Her Volunteerism Helping Youth

“How To Grow A Pizza” Inspires and Educates Students

Washington, DC – NRTA: AARP’s Educator Community is pleased to announce that Catherine McCartney is a recipient of this year’s NRTA *With Our Youth* Dedication Award. Award recipients were chosen for their service to youth by an independent selection panel. This award highlights the top contenders that merited distinction for their exceptional work.

Catherine McCartney took on a challenge by the State Fair Association of honoring agricultural heritage and introducing new agricultural industries to young state fairgoers. She conceived, built and staffed exhibits such as “Milk a Cow,” “Be a Florida Farmer for a Day” and “Dress a Scarecrow.” As the first year’s efforts proved to be successful, McCartney strengthened original exhibits and added new experiences for older children. She then developed grade-level appropriate materials and resources for elementary students, including “How to Grow a Pizza.”

“Retired educators and school personnel are unsung heroes in their communities. They continue to give of their time and expertise even after leaving the classroom. It is an honor to celebrate the skills, passion and commitment of Catherine McCartney with an NRTA *With Our Youth!* Dedication Award,” stated Megan Hookey, Vice President of NRTA: AARP’s Educator Community.

PRESIDENT'S MESSAGE

Energy and enthusiasm reigned from the Gulf Coast to the Atlantic Ocean, from as far west as Panama City to as far south as Pompano Beach, as the FREA Travel Team racked up 2,028 miles on its annual workshop odyssey to ten district leadership workshops in September.

President-elect Thelma Mosley, Treasurer Dr. Ann Winn, and State Director Cathy McCartney, and I participated in workshops that were both well-planned and well-implemented. District Directors and host units are to be commended for providing outstanding instructional sessions, great entertainment, delicious food, and the chance to meet and mingle with members. A special thanks goes to attendees who reached deep in their pockets to generously support the varied and creative FREA projects sponsored by Trustees. Such generosity in these hard times deserves our deepest gratitude and appreciation.

My workshop message continued with the energy theme from the recent FREA Assembly. Let's build a powerful future for FREA and take up the challenge this year to build membership. We'll gain strength and increase our numbers by implementing new and creative ideas. In Membership sessions many innovative strategies for recruiting members were presented. Dr. Ann Winn introduced her Membership grant proposal in which any unit can simply and easily participate. The chance to receive funds to be used for membership recruiting are open to those who apply and have implemented a great idea. Please take advantage of this opportunity. Some of the best ideas will eventually be shared on the website and in the bulletin for the benefit of all. Let's be creative, think "outside the box", and reach out for those new members.

I urge you to check www.frea.org often and watch for e-mail alerts from FREA Legislative Chairman Larry Carmichael as the 2012 Florida Legislative Session opens in January. The Health Insurance Subsidy will be at risk again and the COLA for educators who retire after July 1, 2011 will certainly be in danger of further reductions. Contact your legislators and let them know how important it is to preserve the benefits we now have, not just for us, but for future retirees.

As we forge ahead into the 2011-2012 FREA year, plans for the annual assembly in May are underway. We will be back at the Hilton at Walt Disney World May 30-June 1, 2012. The theme is "Forging Florida Frontiers", a chance to review Florida's colorful history, enjoy the present, and explore the future possibilities for our great organization. As great plans are being made, I hope you plan to attend.

I am personally excited about FREA's future. As we traveled the state I was encouraged by the positive attitudes and enthusiasm I saw, and the level of commitment from members eager to try new approaches and build for the future. Please know that you have my fullest support and I will help in any way possible. Have the most successful, happiest and fun-filled year possible!!

Best wishes, *Esther R. Twitchell*

Scholarship Recipients Realize Their Dreams

Ellen James, FREF Chairman

“Thank you for my scholarship, I am teaching and love it, I’m teaching and working on my graduate degree...”. The Foundation is proud of the students that have received our scholarships and we know the list of “thank you’s” will continue. Some of our students graduate in three years, others take a full four and on occasion, four and a half years. But dreams need fulfillment and our graduates are certainly on their way.

Michael Kanusky

“I want to be a school superintendant,” says scholarship recipient Michael Kanusky. Michael graduated from high school in three years and entered college the first week of January 2008. As he did in high school, Michael attended college classes year-round and graduated in 3 years,

December 11, 2010. Immediately following his graduation from USF, he began his teaching career as a substitute teacher. His full time position became permanent in mid-January 2011 teaching fifth grade reading and science at Ruskin Elementary. Currently he is in graduate school, using his fourth year of scholarship money to work toward his Master’s Degree in Elementary Administration (W. Hillsborough REA)

Kelsey Green-Hotchkiss happily responded “Please pass along my sincere gratitude again. FREA has made such a difference in my life, and most especially in my career. I graduated from Missouri Southern State University, in Joplin, Missouri, on Saturday, May 23, 2011, just ONE day before the tornado ripped through the community, which

Kelsey Green-Hotchkiss

meant that my family was in Joplin to see me graduate. Thankfully, we are ALL okay. I will use my fourth year of Scholarship towards my Masters’ degree. I begin teaching first grade next week. I can’t wait to begin the lifelong journey of touching the lives of children. I was born to teach. Thanks so much for being a part of this adventure for me, because without support I could not have obtained such a wonderful education to prepare for my dreams!” Kelsey Green-Hotchkiss (Charlotte REA)

More News From FREF

We are a working Board and as such, we are an ever changing Board. In August we welcomed Laura Hodges, from District III who replaced Judy Sweat who resigned and Helen Shaw, District VI, who replaces Betty Wray Boyce. In addition, FREA President-Elect Thelma Mosley joined our Board. Beverly Kelley was elected Secretary to replace Judy Sweat.

Trustees were busy in September conducting fund raisers at the September Leadership Workshops. They planned quite a kaleidoscope of activities to raise money. Money raised at the workshops helps pay our administrative costs. Only scholarship funds can be taken from our investment portfolio.

(Con’t on page 5)

Laura Hodges

New FREF District 3 Trustee Appointed

Laura Hodges has been appointed the new District 3 Trustee, to fill the vacancy left by Judy Sweat. Laura is the past District 3 Director, and has served as President, Vice President, and Scholarship Chairman for 8 years in the Suwannee/Lafayette unit.

Laura graduated with a BS in Elementary Education and an MS in reading from Florida State University. She taught Title 1 Reading at the Suwannee High School for 3 years, and then taught at the Suwannee Elementary school for 28 years. She is active in the Senior Choir at Westwood Baptist Church and also taught Sunday School at Westwood Baptist Church for 36 years..

She is a member of the Florida Reading Association and enjoys painting with acrylics, reading, and traveling.

District Workshop Fundraising: Success!

Take a gorgeous handmade quilt, beautiful baskets filled with treats and prizes, handmade items sold at a country store, the fun of a Chinese Auction, and the generous hearts of those who respond to "Pass the Hat" and what do you have? A successful fundraising for the benefit of the FREF, that's what! To the members who participated, we thank you. As you see by the letters from just 2 of the hundreds of students that have benefited over the years from FREF scholarships, you are making a difference in not only their lives, but in the lives of the students they teach.

DISTRICT	TOTAL
1	600.00
2	675.00

More News FREF (con't from page 4)

Local Scholarship Chairs are currently receiving new packets for the scholarship program for the year. A committee was appointed to review the current packets and it made a number of changes. Please destroy all the former packets and use the ones you receive this year. You'll note that each page will either say "revised" or "reviewed" in 2011. The Scholarship Application has a few changes in it as well and it is critical that the new version is used. Applications on old ones will not be accepted.

Trustees will be out and about visiting units beginning in October. Our mission is to build community between retired educators and future teachers through assistance with scholarships. We welcome the privilege of meeting local Scholarship Chairs to help them build community within their unit and the scholarship recipients.

District 1—5 Workshops 2011

District 1 Director, Carolyn McLaughlin, “Reached for the Stars” in planning their program. FREA president Esther Twitchell accompanied on the piano as the workshop opened by singing the Star Spangled Banner, and assisted Carolyn in distributing many awards to the units from the state. Dr. Ann Winn held two break-out sessions called “Money Matters” which emphasized the importance of good money management and also importance of building membership.

District 2 workshop, was wonderfully hosted by President Christine White and Franklin/Gulf REA. The setting was in beautiful Port St. Joe. What better place for Trustee Beverly Kelley to bring an ice chest stuffed with shrimp, crab, and scallops for the Chinese auction!?! Carolyn White from JCREA, Louie Barrington, President, Monticello, Florida won the seafood basket. Moving downtown to a seafood restaurant for a delicious lunch and afternoon activities topped off a wonderful day. Lots of energy! Lots of motivating! Lots of planning for a great year!

District 3 held their workshop at the University of Florida's Institute of Food and Agricultural Sciences in historic Madison. The "Windmills Energizing District 3" theme was evident in the room filled with mini old-fashioned windmills. The Mayor of Greenville, Elesta Pritchett, welcomed everyone to the town. A Zumba demonstration continued the energetic theme, as did the talk filled with energy saving tips by a representative from Progress Energy. Floral Artistry, by Bali's Florist, did a wonderful job showing how to create beautiful arrangements. The workshop was a feast for the eyes as well as the taste buds—the members departed with energy, and goodie bags that included old-fashioned windmill cookies.

District 4 hosted their workshop at the Hilton Hotel in Ocala. It was a “sweet” event with the icebreaker being a quiz to identify the old-fashioned types of candies (which later on went home with the participants). Roundtable discussions and breakout sessions were hosted by the state team, unit officers, and committee members to provide an educational and enlightening on a variety of issues including Legislative Chair’s Larry Carmichael’s presentation on what to expect from the Florida Legislature in 2012.

District 5 workshop was held at the First Coast Technical College in historic St. Augustine. State Director Cathy McCartney presented an outstanding break-out session concerning using logos and branding to improve marketing our units and building membership. FREF Trustee Carolynne Fooshee made a beautiful quilt which was auctioned off for the benefit of FREF.

District 6—10 Workshops 2011

District 6 at Westminster Palms in St. Petersburg had an icebreaker created by Betty Smith. She ran a bingo game with a twist: everyone got out of their seat to find out what their partner had done on their sheet. It really got all five units together! The breakout sessions and workshops were informative and well attended, and everyone enjoyed a sumptuous lunch topped off by an amazing slice of chocolate cake! After lunch, new technology was de-mystified as Chris Borg, Lakewood Tech Teacher, offered an outstanding presentation about Kindles, Nooks, and ipads.

District 7 held its Leadership Training at the Holiday Inn Lakewood Ranch with the theme "RE-ENERGIZING: WHAT NOW"? The Bowery Boys Quartet of the Sarasota Chorus of the Keys Barbershop Chorus opened the morning general session. Tom Tyron, Opinion Editor, Herald-Tribune Media Group, enlightened the group on the subject, "Florida Education: Lessons Learned." Charlotte County led the ice breaker and activities during lunch; Sarasota County presented lovely goodie bags to attendees; Lee County did a wonderful job on the table decorations and Manatee County did a great job on the registration.

District 8 held their Fall Leadership Conference on "Island Time" - Merritt Island, that is.. Following some delicious breakfast treats, the meeting was called to order and during the opening moments the group was treated to a beautiful vocal solo ""Bless This House" by George Morrissey. The presentation on Fair Tax, given by Central Brevard member Joan Trentham, was to a standing room only crowd.

District Director Michael Ferger and his team, who did such an amazing job on the 2011 Assembly, are again stepping up to the plate and already planning a spectacular and fun Florida themed event for 2012. Stay tuned and think Pink! (Flamingoes that is.)

The District 9 fall workshop hosted their workshop at the North Stuart Baptist Church. The program was centered around interests that were selected by Unit members. These included "Recruit, Retrain, and Regain," ideas which dovetailed with another presentation given by Richard Reilly on how to use social media, such as *facebook*, for membership ideas. Program Ideas included Identity Theft Protection, Tears of Drug War, and Law Enforcement Against Prohibition.

District 10 meeting was hosted by Broward REA in beautiful Pompano Beach. Members could "Search for Their Roots" with PhD Debbie Duay with her introduction to genealogy, or improve their balance with Syndee Schwartz, a licensed physical therapist who presented, "The Matter of Balance." FREA Trustee Anne French led the fundraiser with a gorgeous display of beautiful baskets and other tempting items. Fun and information supplied by the travelling team, local committees, and District Director Maurine Harrison, balanced to provide a stimulating day.

“Grow Your Membership” Grants Available

Ann Winn, Treasurer

Have a great idea to build membership in your unit, but need a few dollars to fund it? FREA is offering a membership grant to all units. It is not competitive; every unit with a viable concept can receive a grant. Go to the website www.frea.org and download the form from the Forms Section or call the FREA office at 727-577-6400 and ask them to send or email one to you.

The process is simple. Write a **one page grant**, following the instructions in the guidelines., and return .

The grants are worth between \$75 and \$150 depending upon the size of your unit and may be submitted between Oct.1, 2011 and March 1, 2012. Notice of acceptance will be sent within six weeks of receipt.

Membership Tips From Around the State

Below are some quick tips from units around the state that you can use in your unit to build membership.

- From North Brevard whose membership is growing really fast: “If it ain’t fun, we ain’t doin’ it!” Now think about this one. Fun is mostly about attitude, and why would any retiree want to join anything that wasn’t fun? How much fun is your unit having these days?
- Provide members with a business card that includes blank lines for a name and phone number. Martin County puts their logo on the front and their mission statement on the back. This works especially well in smaller counties where you run into people you know at the grocery store or the mall and can recruit on the spot.
- Check the minutes of the school board meetings for recent retirees and contact them right away to encourage them to come to the next meeting. “Get ‘em while they’re hot!” Charlotte Shipman from Escambia County made this suggestion. If your school board has started charging for the names, you may call the FREA office and request the list. FREA is constantly working to have the latest retiree lists available.

Send your great ideas to Ann Winn if you would like to have them printed in the bulletin. Remember the KISS rule. (Keep It Simple Sweetie?)

AARP Driver Safety Program For Veterans

To recognize and thank veterans for their dedication and commitment to service, the AARP Driver Safety Program (DSP) is proud to offer a FREE classroom course to ALL veterans, and spouses (including widows and widowers) regardless of age, from November 1 through November 30, 2011.

Creative Cultural Affair Displays for 2012 Assembly

Janet Ford, State Chair

Florida is a state rich in history and culture, and each area of our beautiful state has its own unique flavor. For the 2012 Assembly, challenge yourselves to create a display to reflect and showcase the area in which you live.

During the 2011 Assembly, attendees enjoyed displays from 27 units throughout the state. Photography, artwork, handicrafts and scrapbooks were on display to showcase what other units are doing, and to get some new ideas for programs and activities. THANK YOU to all who helped with this endeavor!

There are 53 individual units throughout the state. **Can we have a better showing of displays at the 2012 Assembly? Absolutely!** I am challenging each unit to start NOW planning a display. It can be a large or small showing of members' talents. Items used in the past have been: Quilts, woodcarving, a display board showing a unit's Cultural Affairs activities, a unit scrapbook with unit sign, or a combination of all of the above. Or join the digital age and put together a picture and music "travelogue" that plays on a laptop. You are only limited by your imagination.

We will be offering an incentive for participating units. What is it? Watch for the answer in the next BULLETIN or in the Registration Information that will be sent out in February, 2012.

Janet Ford

Jeanne Brockman

FREA Historian Retires

By Janet Ford, Historian

We would like to extend a huge THANK YOU to Jeanne Brockman for her dedication to FREA and the work she has done with the State History during the past 3 years.

When you attended your district's Fall Leadership Workshop, I hope you took a look at the recent State History album. Hopefully, your unit had some coverage. We would like to be sure that all units share some photos or articles about their fun activities.

Please send anything you would like included to: Janet Ford - 715 Beech Road - West Palm Beach FL 33409 / MVJsMOM@aol.com. Be sure to note your District number and members' names on the photos.

Legislative Committee Report

Larry Carmichael, Chair

As we prepare for the 2012 legislative session which will begin two months earlier than usual (January, 2012), there are some actions our members can take to insure that our benefits aren't lowered. We (retired individuals) were spared any cuts in the 2011 session primarily because legislators heard from their home district constituents throughout the state beginning last fall. Here are some things I feel we should do in preparation for the next session:

- * Contact (visit, phone, etc.) your Representative and Senator to say "thank you" for preserving our HIS (Health Insurance Subsidy) and COLA (Cost Of Living Adjustment) in the last session. Tell them again how important these benefits are to you. If they voted to do away with these benefits, you can ask for reconsideration of their position.

- * Ask them to vote against any efforts to reduce or do away with these two benefits if such efforts should arise in the upcoming session.

- * Explain that you understand another effort to close the pension plan to all new employees is very likely to be introduced by leadership in both houses and the Governor. Ask for them to oppose any such effort because keeping the pension plan is in the best interests of all Floridians. The reasons this is true are:

1. Unlike Social Security where working people are providing the funds to pay benefits to people receiving benefits, the FRS (Florida Retirement System) pension plan (except for the HIS) pays benefits to retirees from contributions they (and their employer) made while they were working. FRS is excellently managed and fiscally sound; it is not putting a burden on future generations.

2. Although taxpayers do guarantee that retirees will receive their benefits regardless of economic situations, the fear that taxpayers would be stuck with a heavy burden of bailing out the pension fund if a great depression should occur seems hardly rational. We have experienced a great depression since 2008, and taxpayers were not asked for additional required contributions during this entire period (for the 7 years preceding 2008, required contributions were below normal due to excess funds in the plan).

3. Having elderly Floridians on pensions versus investment plans is beneficial to the overall population. Their income remains stable during recessions which means their spending will remain constant and this helps lessen the overall negative impact of the recession. In 2008, some 367,000 elderly Floridians were on public pension plans (250,000 were FRS) with average income of \$17,617. They generated some \$9.1 B in economic output and \$450 M in local and state tax revenue.

4. Pension retirees are less likely to need welfare. Elderly people without pension plans are six (6) times more likely to live in poverty than those with pension plans.

5. Pensions allow older people to leave the work force early, making room to employ younger people .

6. Pensions enable people to volunteer their services, without pay, contributing to the overall health of their communities.

We must keep up our activities against efforts to reform (i.e. do away with) FRS pensions to protect ourselves and future generations of Floridians; I fear that such efforts will be forthcoming for several years in the future.
